

PRESIDENTS LETTER

Dear Members,

Welcome to another year at Tuckahoe! Lots of good things are happening at your club.

Make sure to introduce yourself to our new General Manager, Rob Castorri. He is friendly and brings fresh ideas and energy.

Make sure as well to picnic on our renovated patios. flip burgers at our new gas grills, then eat them under the shade of our new pavilion.

Tuckahoe is in good shape. Our financials are solid, our wait list is long, our programs are growing and vibrant, our member communications are better than ever. The Board is actively managing the club's long-term capital needs to ensure we leave the club better than we found it.

Despite all the improvements, member dues have still risen less than inflation over the last five years.

The strength of your club is due to the hard work of management, staff, its Board, and the many other members who volunteer their time. I'm grateful to all of them—and I'm looking forward to seeing you around the club this year!

Larry Rouvelas
President

A NOTE FROM THE GM

Dear Members,

The new year brought in a lot of additions and improvements. Your Board of directors, along with the committees, have dedicated a lot of time and effort to provide the staff and management with the tools we need to bring you a great summer season. The headline for this season will be the debut of the new Tuckahoe Grille, formerly the snack bar. We will offer healthy, quality and delicious selections quickly and priced fairly.

See you out on the deck or out on the courts.

We cannot wait to help you make family memories! So please mark your calendars and make sure that Tuckahoe is your spot for the summer!

TUCKAHOE PAST

Tuckahoe's Board of Director, Management and a select group of additional volunteers spent the summer polling our membership and holding charrettes to narrow down the perfect Tuckahoe look.

Construction began in the fall with the very noisy and exciting tear up of the old snack bar patio's to prep for the sleek new look. Big machines were used to take apart the existing patio and transform it into the retreat that you will see on opening weekend. Layers of rebar and gallons of concrete were poured down to bring a defined look to this new space. Once this was completed, beautiful bluestone rock was laid down to bring the sleek and soft flooring to the base of the patio. Knee walls surround the patio to bring a sense of intimacy and togetherness (and more places to sit). In addition to this, new seating area gas grills were added for our members to cook on. Construction trudged through all of mother natures ups and downs bringing us on time for opening weekend.

A gorgeous new pavilion brings shade to provide comfort and coolness in the hot summer sun.

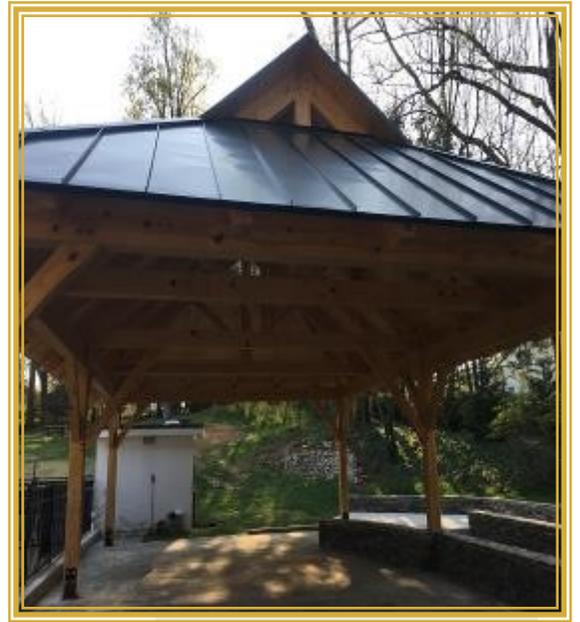

TUCKAHOE PRESENT

At Tuckahoe subtle changes can be seen everywhere from the tennis courts down to the pool grounds. With beautiful landscape gracing the patio and flat spot areas on the hill to sit and enjoy a family dinner.

Lighting in tennis is a really important factor in having the best match or practice a player can have. The lights on courts five and six have been upgraded and are sure to give members an outstanding tennis experience!

The seating around Tuckahoe is noticeably different with modern chairs at the Tuckahoe Grille. Additional loungers and chairs on the hill and pool deck along with revamped Tennis bleachers are added to allow for more seating. Pops of color can be seen on the picnic tables through out the facility to bring a touch of color!

With plenty of spots to pick and sit all that is left to do is relax and enjoy their pool, tennis courts and your family.

“Tuckahoe is a place where members can come and just enjoy the atmosphere of being a family.”

TUCKAHOE FUTURE

With all the new and exciting renovations done in the past year, your Board of Directors and Management Team have plenty of improvements for your enjoyment and pleasure!

The outdoor pool will be receiving a rejuvenated and fresh look while still maintaining its grandeur and desirable racing characteristics.

The tennis area has been dressed up with more to come. This spring saw new wind-screens, painted bulletin boards and tables, upgraded lighting coming to Tuckahoe's courts. This summer will see the addition of ice and water “up the hill”, as well as more shaded seating to serve our ever-increasing tennis playing population.

Fitness will soon be able to plug into more electronics with smart TV monitors coming soon on the treadmills.

With attention to detail the Board of Directors along side management will be looking at providing many enhanced member-centric features for the rest of 2018, leading into 2019.

DID YOU KNOW?

TUCKAHOE HAD GROTTO

Tucked away in the corner of the lower patio into the hill Tuckahoe had a hidden grotto! At one time it was a fully functioning grotto with a water fall and pond. Hidden behind vines of ivy it was uncovered during the construction of the patio. Now uncovered and landscaped for all to enjoy it is a great place for families to gather and really make a Tuckahoe photo op!
